Government Departments

Department for Digital, Culture, Media and Sport

 Helen Whately MP (Faversham and Mid Kent) was appointed Parliamentary Under Secretary of State (Minister for Arts, Heritage and Tourism), replacing Rebecca Pow MP.

Department for Environment, Food and Rural Affairs

- Zac Goldsmith MP (Richmond Park) has been appointed Minister of State at Defra and at the Department for International Development.
- Rebecca Pow MP (Taunton Deane) has been appointed Parliamentary Under Secretary of State. She was previously a Parliamentary Under Secretary of State at DCMS.

HM Treasury

 Chancellor of the Exchequer, Sajid Javid delivered the 2019 <u>spending round</u> on 4 September. Of note, he pledged 4.1% rise 'in line with inflation' for the Department of Digital, Culture, Media and Sport budget. It was also confirmed that there would be 'a total of £241 million from the Towns Fund in 2020-21 to support the regeneration of high streets, town centres and local economies.'

Legislation and Matters Arising

Legislation

Kew Gardens (Leases) Act 2019: provides the Secretary of State's powers in relation
to the management of the Royal Botanic Gardens, Kew, include the power to grant a
lease in respect of land for a period of up to 150 years. Following agreement by both
Houses on the text it received Royal Assent on 9 September 2019.

Emerging Legislation

Government Bills

- Parliamentary Buildings (Restoration and Renewal) Act 2019: provides for the
 establishment of a Sponsor Body and a Delivery Authority to oversee and manage the
 restoration of the Houses of Parliament. The Bill was introduced into the House of
 Commons on 8 May 2019. Following agreement by both Houses on the text it now
 awaits Royal Assent.
- High Speed Rail (West Midlands Crewe) Bill: the hybrid Bill makes provision for a railway between a junction with Phase One of High Speed 2, near Fradley Wood in Staffordshire, and a junction with the West Coast Main Line near Crewe in Cheshire. Second reading took place on 30 January 2018. The Bill received its First Reading in the House of Lords on 16 July and is scheduled for its Second Reading on 4 September. Explanatory notes are available here.
- <u>Agriculture Bill</u>: amongst other things, the Bill authorises new expenditure for certain agricultural and other purposes; makes provision about direct payments during an agricultural transition period following the United Kingdom's departure from the European Union; and confers power to modify retained direct EU legislation relating to agricultural and rural development payments, public market intervention and private storage aid. The Bill concluded its <u>Committee stage</u> on 20 November, with the Report stage in the House of Commons yet to be announced. The Bill has been <u>amended in Committee</u>; explanatory notes and a briefing paper are available.
- <u>Fisheries Bill</u>: amongst other things, the Bill makes provision about grants in connection with fishing, aquaculture or marine conservation. Introduced in October 2018, the Bill went to a Public Bill Committee on 17 December, with the Report stage (and subsequent third reading) due on a date to be announced. The Bill is available here, and explanatory notes here.
- <u>Environment Bill</u>: New measures to enhance wildlife, transform our waste system and improve the resilience of water supplies have been <u>set out</u> by Environment Secretary

Michael Gove. In an update on progress towards the introduction of the Environment Bill the government has published firm positions, following a range of consultations on:

- A deposit return scheme (DRS) for drinks containers
- Consistency in household and business recycling.
- Extended producer responsibility (EPR)
- Biodiversity net gain
- Conservation covenants
- Improving our management of water in the environment

A <u>policy statement</u> has also been published, summarising progress so far and updating on the direction and vision of the Bill.

Private Members' Bills

- Bat Habitats Regulation Bill: the Bill makes provision to enhance the protection available for bat habitats in the vicinity of a building site, and to limit the protection for bat habitats in buildings used for public worship. The <u>second reading</u> took place on 27 April 2018; the Committee stage has yet to be scheduled. A briefing is available <u>here</u>.
- Bat Habitats Regulation (No. 2) Bill: the Bill makes provision to enhance the protection available for bat habitats in the non-built environment and to limit the protection for bat habitats in the built environment where the presence of bats has a significant adverse impact upon the users of buildings. The Bill was presented to Parliament on 5 September 2017 and the second reading took place on 23 November 2018; the Committee stage has yet to be scheduled.
- <u>Equality Act 2010 (Amendment) (Disabled Access) Bill</u>: the Bill amends the <u>Equality Act 2010</u> to improve access to public buildings by introducing six- and twelve-inch rules for step-free access. The <u>second reading</u> took place on 24 November 2017, and the Committee stage has yet to be scheduled.
- Green Belt (Protection) Bill: the Bill provides for the establishment of a national register
 of Green Belt land in England, the restriction of the ability of local authorities to dedesignate Green Belt land, and provision about future development of de-designated
 Green Belt land. Its first reading took place on 5 September 2017; second reading was
 scheduled for 15 March 2019 but proceedings were interrupted and the Bill's second
 reading is now postponed to a date to be announced.
- <u>Clean Air Bill</u>: the Bill requires the Secretary of State to set, measure, enforce and
 report on air quality targets; to make provision about mitigating air pollution; to make
 provision about vehicle emissions testing; and to restrict the approval and sale of
 vehicles with certain engine types. Its first reading took place on 22 November 2017;
 second reading has yet to be scheduled.
- Compulsory Purchase and Planning Bill 2017-19: the Bill makes provision for greater powers for local authorities deal with developers who "sit" on buildings of heritage and cultural importance. It also looks at removing VAT for any conversion works to properties in Heritage Action Zones and introduce new sources of money, to be administered by Homes England and available to local authorities, to unlock these pieces of land. Its first reading took place in the House of Commons on 4 September 2019. The second reading has yet to be scheduled.
- Planning (Appeals) Bill: the Bill limits the grounds of appeal against decisions on planning applications consistent with a neighbourhood development plan or local plan. It was introduced on 4 December 2018, and second reading has yet to be scheduled.

• Planning (Affordable Housing and Land Compensation) Bill: the Bill would create a new duty for councils to include a policy in their local plans to capture betterment values where they arise. It would also replace the current definition of affordable housing (classed as being up to 80% of market prices), with one that stipulates that housing cannot cost more than 35% of net household income for lowest quartile income groups in each local authority area. The Bill also seeks to specify in law the key factors used for viability testing in relation to planning decisions, including placing explicit limitations on the expectations of developer profit and land values for compulsory purchase. It was introduced on 27 February 2019, and second reading has yet to be scheduled.

Secondary Legislation

Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019

 The <u>Regulations</u> have been updated, as has the relevant section of the Planning Practice Guidance (see below).

Heritage Planning Case Database

Historic England tweets planning decisions of heritage interest, via @HeritageAdvice, and these are then collated into the Heritage Planning Case Database. This is a searchable online database of appeal and call-in decisions relating to planning permission (that affects a heritage asset) and listed building consent. Cases have been summarised using a standard list of search terms, for ease of use; searches can also be carried out by address, date or decision reference.

Committees

Environmental Audit Committee

• The Parliamentary Environmental Audit Select Committee has published its report, <u>Our Planet, Our Health</u>. It said that climate change is already impacting on food production and security, and said urban design is contributing to poor air quality and exacerbating health issues. The report said: 'The NPPF needs to be better updated to promote opportunities for active travel, green spaces and access to healthy, sustainable food in planning authorities' local plans.' It also stated that: 'The NPPF needs to be better updated to promote opportunities for active travel, green spaces and access to healthy, sustainable food in planning authorities' local plans.'

Science and Technology Committee

 The Science and Technology Committee has <u>highlighted</u> the lack of Government policies in place to deliver the net zero target by 2050 and recommends 10 steps the Government should take to meet this legally binding target.

Guidance

Permitted Development Rights for Householders

 MHCLG has updated its <u>technical guidance</u> relating to permitted development (PD) rights for householders, to reflect the removal of the time limit in relation to large rear extensions. The guidance has highlighted the need for householders to consult neighbours when seeking permission for home extensions under PD rights, as well as giving guidance on the maximum size of extension permitted.

Planning Practice Guidance (PPG)

The section of the PPG on Community Infrastructure Levy (CIL) has been <u>updated</u> to explain the <u>Community Infrastructure Levy</u> (Amendment) (England) (No. 2) Regulations <u>2019</u>. Amongst other things, the PPG confirms that councils should take into account uplifts in land value generated by planning permissions and consider bespoke charges for large-scale sites. Councils are also required to prepare annual statements detailing revenue from section 106 planning gain and CIL.

Viability

• MHCLG has updated its <u>guidance</u> on understanding viability in line with the NPPF published in July 2018.

Advice

Historic High Streets £95m Funding Boost

• 69 high streets across the country will benefit from a £95 million Government <u>fund</u> delivered through Historic England's <u>Heritage Action Zone</u> initiative. Working with local councils and communities, Historic England will deliver physical improvements and cultural activities to regenerate these high streets and restore local historic character.

Landscapes Review: National Parks and Areas of Outstanding Natural Beauty

- Defra has <u>published</u> the final report of the independent review to consider the next steps for National Parks and Areas of Outstanding Natural Beauty sites (AONBs) in England. A central proposal is to 'bring National Parks and AONBs together as part of one family of national landscapes, served by a shared National Landscapes Service', as well as 'a wider range of non-designated systems of landscape protection.'
- The Report also proposes a 'strengthened place for national landscapes in the
 planning system with AONBs given statutory consultee status, encouragement to
 develop local plans and changes to the National Planning Policy Framework.' It
 proposes a new set of purposes applicable to both National Parks and AONBs: '[To]
 Recover, conserve and enhance natural beauty, biodiversity and natural capital, and
 cultural heritage.'

Making Home Ownership Affordable

MHCLG has published a <u>discussion paper</u> 'to look at all of the ways to support the
delivery of more homes, including how the planning system could help bring forward
additional sites for homes that local aspiring first-time buyers can afford to buy', as well
as proposing 'a new national model for shared ownership to help aspiring first-time
buyers.'
